

Chris Baden

Director Candidate for 2023-2025

I'm Chris Baden, a founding Life Member of MGAC since 1974.

I'm a past board member and two-term past president.

I was elected president because of the vision I had for the club that I strongly believed would transform it into a destination that would draw visitors and support regionally and grow the club from the humble beginnings from where it started at our current location.

I'm a life member of the NRA, and have held numerous instructor licenses for handgun, rifle and RSO certifications. I enjoy precision distance shooting and the history of classic American guns.
